Feed Statistics 2016 is an important report for all animal feed companies, their suppliers and others who need to understand or follow the fortunes of the feed industry in the UK and Europe. The UK market is covered in detail, with an overview of each other feed-producing country in Europe. The 2016 edition was published in July.

Feed Statistics 2016 is a comprehensive analysis of feed production, ration formulation and livestock product market information. Its electronic format has been designed to allow rapid access to the data and relevant analysis through a clear, readable interface. It is distributed by email in Portable Document Format. The 170-page report contains over a hundred tables and diagrams showing the statistics of interest to feed producers and their suppliers. These are accompanied by commentary and analysis.

Feed Statistics 2016 includes essential information about the history and structure of the feed industry, feed production data, prices and usage of feed materials, prices of finished products, the market for animal feed, the market for livestock products, a review of recent events, a glossary of terms and definitions and much more. Data in **Feed Statistics 2016** is comprehensive, accessible and up-to-date. Whether your business is producing and selling animal feed or supplying products or services to feed companies, **Feed Statistics 2016** is an essential resource for your PC, laptop or handheld device.
